

TON BUNHENG

Junior Software Developer | IT Student

Siem Reap, Cambodia | (+855) 86 611 977 | tonbunheng1122@gmail.com | github.com/TonBunHeng

PROFESSIONAL SUMMARY

Third-year Information Technology student at the University of South-East Asia with a solid foundation in web and software development. Passionate about engineering responsive, efficient digital applications and solving practical software problems. Combining core programming strengths in front-end and back-end web technologies with strong technical adaptability to deliver reliable software solutions in a modern development team.

TECHNICAL SKILLS

- Programming Languages:** JavaScript (ES6+), PHP, Java, HTML5, CSS3, SQL
- Web Frameworks & Libraries:** Bootstrap, Tailwind CSS, React.js / Laravel (Foundational)
- Databases & Storage:** MySQL, Relational Database Modeling & Queries
- Tools & Platforms:** Git, GitHub, Visual Studio Code, Postman, RESTful APIs
- Design & Prototyping:** Adobe Photoshop, UI/UX Wireframing, Figma
- Core Competencies:** Object-Oriented Programming (OOP), Responsive Design, Debugging, Code Review

EDUCATION

Bachelor of Science in Information Technology | *University of South-East Asia* • (2023 – Present)

- Current Status:** Student Year 3 (Majoring in Information Technology)
- Relevant Coursework:** Object-Oriented Programming (OOP), Data Structures & Algorithms, Database Management Systems, Web Development, Software Engineering Principles.

High School Diploma | *Kralanh High School* • (Graduated 2023)

KEY SOFTWARE & WEB PROJECTS

Web Application / Portfolio System | *HTML, CSS, JavaScript, PHP, MySQL*

- Built a responsive web app with user authentication, secure sessions, and CRUD features.
- Designed MySQL schemas and responsive UI components for smooth cross-device use.

Database Management & Inventory System | *MySQL, Relational Design*

- Designed normalized relational database schemas (1NF–3NF) for inventory tracking
- Wrote optimized SQL queries and constraints to ensure data integrity and reliable transactions

WORK & LEADERSHIP EXPERIENCE

Designer & Content Specialist | *Bayon Optics* • (2024 – 2025 • 6 Months)

- Created digital visual layouts and user-facing multimedia assets utilizing Adobe Photoshop and Premiere.
- Collaborated with team stakeholders to deliver branding and digital media assets under strict production deadlines.

Youth Volunteer | *Young Entrepreneurs Association of Cambodia – Siem Reap* • (2023 – 2024 • 6 Months)

- Assisted in organizing tech networking events, managing logistics, and technical setup.

LANGUAGES

- Khmer:** Native
- English:** Intermediate (Technical Reading, Documentation & Communication)
